# TESTIMONIALS

*Don't just take our word for it.*

“We were taking away a lot more than just a check. We’re taking away from this experience all of the connections that we’ve made here that are really happy for and excited us. Hopefully you’ll see it in the app store. iOS and Android, we are coming for you.”

*- Madgrie Francis, Grambling State University*

“Young people need to see this! This program is an awesome opportunity for so many students and should be a model for many. Iron sharpens iron. I’m so glad I brought my two sons to this event!”

*- A. Jackson, Event Attendee*

“The contestants were even better this year! I know we saw some future successful entrepreneurs in the room! I think your organization does a fantastic job with building a pipeline of future STEM leaders.”

*- Jalayna Bolden, AT&T Global*

“The BizTech Challenge provides an immeasurable experience, exposure, and opportunity for students to gain business knowledge, tap into entrepreneurship, and jump start their careers.”

*- Crystal Casher-Ward, First Guaranty Bank, Business Mentor*

“It was an honor! I had a great time at the event, I had the opportunity to meet and talk to some of the students and I signed up to mentor one of them.”

*- Jody Mitchell, Directed Analytics*
